Report On Initiatives Taken For Facilitating Inclusive Environment In College

The main objective of our college is to inculcate social and moral values in the mind of the youth so that they can contribute in the change of present social conditions. Its objective is to inculcate in the students a sense of national, social and moral values such as social justice, equality of opportunity, democratic freedom for all, tolerance and cultural regional language, a communal respect for all religions and promotion of an inclusive environment to promote harmony. Our college organizes various programs like cultural activities to promote social activities. The college regularly organizes ethical, humanitarian, cultural and universal values in the campus. A large number of students of our college participate in these events, which motivates them to contribute at the individual level for the society. The college organizes various events to promote human values such as moral education, truth, non-violence, love and peace through motivational speakers, artists, activists, social workers and thoughts. Various programs are organized for the empowerment of women in the college, Women's Day is celebrated in every academic year, for the development of scientific temper among the students, science day is organized and various lectures are organized on the language to remove the inequality of languages like Hindi Day is organized to tell the importance of Hindi language, various cultural programs, linguistic programs are organized in the college in the annual festival. The college organizes lectures etc. to promote national unity and national values in the minds of the students.
